Manage ATS

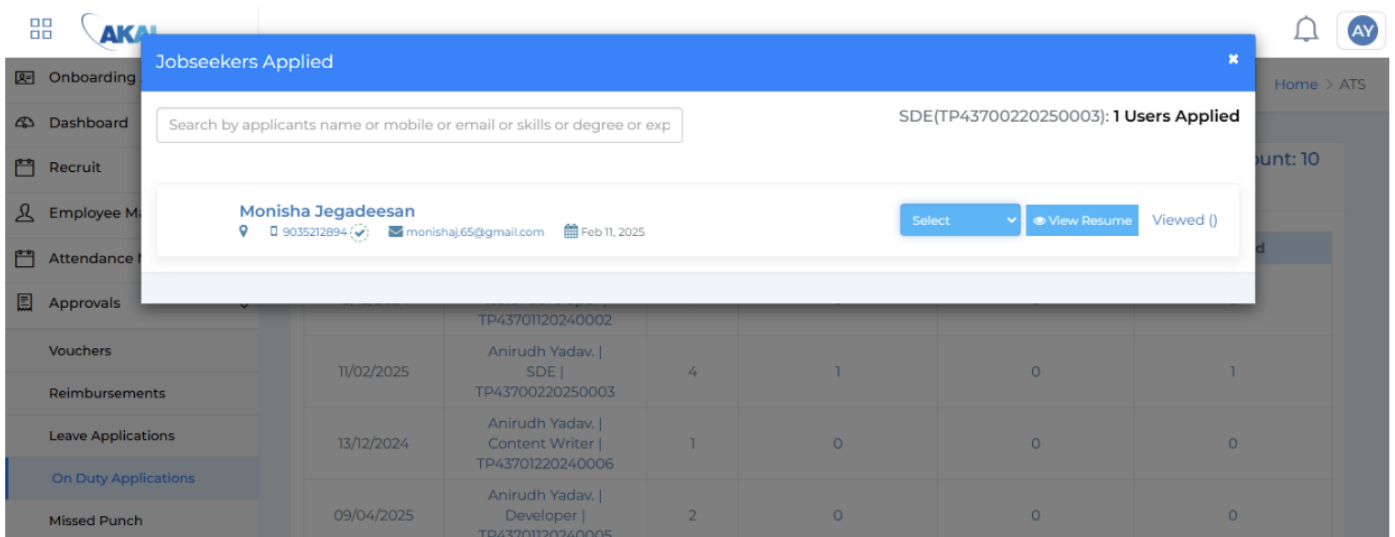

The Manage ATS section provides a complete view of job postings and candidate progress. You can see details such as:

- Job Publish Date, Job Posting, Positions, Applicants, Shortlisted, Selected

A filter is available to search by Job Title, and the total number of applicants is shown at the top right.

In the Applicants column, the number indicates how many job posts a candidate has applied for.

- Click on the number to view those applications and take action—shortlist or select the candidate as needed.
